

Hampton Mosquito Control Commission

Minutes of September 22, 2015, Meeting

Attendees: Ann Kaiser, Richard Reniere, Tim O'Connor

Meeting called to order at 6:35pm

Approval of Minutes of the Aug. 4th meeting postponed, as Richard was not present at that meeting, Russ was absent, and Tim is not yet a member of the Commission.

Richard made a motion to increase Commission members to five, as now allowed by NH State Statutes. Motion passed, and Ann will make arrangements to have Tim O'Conner appointed as an additional member of the Commission.

Only one proposal for Mosquito Control Services had been received, and after reviewing that proposal and noting that the cost for services had increased by only \$250, and will remain constant for the three years covered by the contract, Richard moved, and Ann concurred, to accept the proposal of Dragon Mosquito Control, Inc. This new proposal includes the construction of 25 new Greenhead Fly traps each of the three years of the contract, but by reducing the cost of larviciding and some labor, Dragon was able to minimize the increase to the HMCC budget.

This year there will again be some funds remaining in the HMCC budget, and Sarah McGregor (Dragon Mosquito Control) had said that 26 traps could be built with those funds, to replace some more of the unrepairable traps. Richard motioned to utilize those funds to build the additional traps; motion passed.

The tent for storing the traps is in need of some patching, and Ann has called the dealer to try to have him do the work. Cost not known at this time.

Ann had received information on a new type of fly trap which would be easier to store, but after reviewing its photo and noting the metal legs, it was decided that this might not be practical for the marsh conditions.

The HMCC budget will be reviewed by the Board of Selectmen on September 30.

Meeting adjourned at 7:10

Respectfully submitted by Ann Kaiser
